INTERNATIONAL SURGERY

OFFICIAL JOURNAL OF THE INTERNATIONAL COLLEGE OF SURGEONS

QUATERLY REVIEW

INDEX - Volume 80, 1995

SUBJECTS

Abdominal aortic aneurysm, ruptured
Hematuria Associated with Ruptured Abdominal Aortic Aneurysms 261

Abdominal malignancies
Value of Diagnostic Laparoscopy in Abdominal Malignancies 353

Abdominal wall
Experimentally Contaminated Reabsorbable Meshes: Their Evolution in Abdominal Wall Defects 223

Achalasia
Esophageal Achalasia: Laparoscopic Heller Cardiomyotomy 376
Laparoscopic Heller Cardiomyotomy with Intraoperative Manometry in the Management of Oesophageal Achalasia 332
Laparoscopic Treatment of Functional Diseases of the Esophagus 336

Adrenal glands
Primary Hyperaldosteronism. Analysis of Risk Factors Associated with Persistent Postoperative Hypertension 175

Adrenalectomy
Laparoscopic Adrenalectomy 311
Primary Hyperaldosteronism. Analysis of Risk Factors Associated with Persistent Postoperative Hypertension 175

Adrenocortical hormones
The Effects of Lithotripsy on Adrenocortical Hormones 271

Age over 80
Multifactorial Analysis of Prognostic Factors in Major Abdominal Surgery in Patients over 80 53

AIDS
Intra-Abdominal Tuberculosis in Acquired Immunodeficiency Syndrome. Diagnosis and management 147

Albendazole
Perioperative Benzimidazole Therapy in Human Hydatid Liver Disease 131

Albuminuria
Correlation between Albuminuria and Positively Charged Amino Acids in Gastrointestinal Cancer 49

Ambulatory surgery
Partial Mastectomy and Limited Axillary Dissection Performed as a Same Day Surgical Procedure in the Treatment of Breast Cancer 79

Aminoacids
Correlation between Albuminuria and Positively Charged Amino Acids in Gastrointestinal Cancer 49

Anastomotic failure
Improvement of Pancreaticojejunostomy in Pancreatoduodenectomy 57

Anesthesia, epidural
Pancreaticoduodenectomy under Epidural Anesthesia without Endotracheal Intubation for the Elderly 125

Aneurysm
Splenic Arteriovenous Fistula 189

Antoni A
Schwannoma of the External Auditory Canal: An Unusual Finding 287

Antoni B
Schwannoma of the External Auditory Canal: An Unusual Finding 287

Arteriovenous fistula
Splenic Arteriovenous Fistula 189

Axillary dissection
Partial Mastectomy and Limited Axillary Dissection Performed as a Same Day Surgical Procedure in the Treatment of Breast Cancer 79

Bacterial translocation
The Effect of Octreotid on Bacterial Translocation from the Gut. An Experimental Study 264

Bed rest
Emergency Cerclage Compared with Bed Rest for Advanced Cervical Dilatation in Pregnancy 170

Bile duct injuries
Bile Duct Injuries in the Era of Laparocopic Cholecystectomy 328
Bile Duct Injury in Laparoscopic Cholecystectomy 361
Five years of Laparoscopic Cholecystecomy in The Netherlands 304

Bile leaks
The Role of Relaparoscopy in the Management of Bile Leaks after Laparoscopic Cholecystectomy 356

Biliary reconstruction
Recurrent Common Bile Duct Stones Associated with Periampullary Duodenal Diverticula and Calcium Bilirubinate Stones 120

Biopsy, excisional
Excisional Breast Biopsy: When, Why and How? 75

Blood flow
Beneficial Effect of Thromboxane A2 Synthetase Inhibitor (OKY-046) on 24-hr Simple Hypothermic preservation of the Canine Pancreas Graft 274

Breast
Non Palpable Breast Lesions: Preoperative Sonographic Localization 283
The Integration of Diagnostic Tests and the Role of Outpatient Surgery in the Management of Breast Disease 181

Breast conservation
Partial Mastectomy and Limited Axillary Dissection Performed as a Same Day Surgical Procedure in the Treatment of Breast Cancer 79

Breast lesion, non palpable
Excisional Breast Biopsy: When, Why and How? 75

Breast neoplasms
Excisional Breast Biopsy: When, Why and How? 75
Partial Mastectomy and Limited Axillary Dissection Performed as a Same Day Surgical Procedure in the Treatment of Breast Cancer 79

CA19-9
The Clinical Efficacy of CA 72-4 as a Serum Marker for Gastric Cancer in Comparison with CA19-9 and CEA 45

CA72-4
The Clinical Efficacy of CA 72-4 as a Serum Marker for Gastric Cancer in Comparison with CA19-9 and CEA 45

Caecal diverticulum
True Caecal Diverticulitis 45

Calcium bilirubinate stones
Recurrent Common Bile Duct Stones Associated with Periampullary Duodenal Diverticula and Calcium Bilirubinate Stones 120

Cancer cachexia
Correlation between Albuminuria and Positively Charged Amino Acids in Gastrointestinal Cancer 49

Carcinoma
Surgical Strategy for Patients with Anomalous Pancreaticobiliary Ductal Junction without Choledochal Cyst 215

Cardiac monitoring
Twentyfour-Hour Ambulatory Electrocardiographic Monitoring of Surgeons 89

Cardiopulmonary bypass
Reduction in Pulmonary Microvascular Pressure following Cardiopulmonary Bypass: Beneficial Effects of Dobutamine..... 231

CEA
The Clinical Efficacy of CA 72-4 as a Serum Marker for Gastric Cancer in Comparison with CA19-9 and CEA..... 45

Cervical cerclage
Emergency Cerclage Compared with Bed Rest for Advanced Cervical Dilatation in Pregnancy 170

Cervix incompetence
Emergency Cerclage Compared with Bed Rest for Advanced Cervical Dilatation in Pregnancy 170

Chemotherapy
Recurrent Intraabdominal Cancer with Intestinal Obstruction 141

Cholangiography, intraoperative
Laparoscopic Cholecystectomy: 700 consecutive Cases 296

Cholangioscopy
The Present State and Future of Endoscopic Surgery 341

Cholecystectomy
The Effects of Lithotripsy on Adrenocortical Hormones 271
The Impact of Laparoendoscopic Surgery on the Training of Surgical Residents ... 358

Cholecystitis, acute
Laparoscopic Cholecystectomy: 700 Consecutive Cases 296
The Role of Percutaneous Transhepatic Cholecystostomy in the Management of Acute Cholecystitis in High-Risk Patients 111

Cholecystotomy
The Role of Percutaneous Transhepatic Cholecystostomy in the Management of Acute Cholecystitis in High-Risk Patients 111

Choledochal cyst
Malignant Potential of the Gallbladder in Patients with Anomalous Pancreaticobiliary Ductal Junction. The Difference in Risk between Patients with and without Choledochal Cyst 61

Chronic hepatitis
Right Side Hepatic Resection under Right Thoracoabdominal Incision with Special Reference to a Highly Anatomical Systematized Method 242

Colon neoplasms
Recurrent Pattern of Digestive Tract Carcinoma in the Japanese: Comparison of Gastric Cancer to Colon Cancer..... 41

Colonoscopy
Diagnostic Approach and Management of Active Lower Gastrointestinal Hemorrhage 138

Colorectal neoplasms
Multiple Primary Gastric and Colorectal Cancer in Japan 37

Common bile duct, calculi, recurrent
Recurrent Common Bile Duct Stones Associated with Periampullary Duodenal Diverticula and Calcium Bilirubinate Stones 120

Complications
Laparoscopic Cholecystectomy: The Dammam Central Hospital Experience.. 102
Role of Laparoscopic Assisted Vaginal Hysterectomy in Gynecology 256

Computed Tomography
Comparison between Computed Tomography and Magnetic Resonance Data and Pathologic Findings in Substernal Goiters 65

Cost-effectiveness
Laparoscopic Surgery in the Developing World: An Overview of the Indian Scene 371

Developing countries
Laparoscopic Surgery in the Developing World: An Overview of the Indian Scene 371
Training and Credentialling for Laparoscopic Surgery in the Developing World 45

Diagnostic laparoscopy
Value of Diagnostic Laparoscopy in Abdominal Malignancies 353

Diagnostic laparotomy
Value of Diagnostic Laparoscopy in Abdominal Malignancies 353

Diagnostic tests integration
The Integration of Diagnostic Tests and the Role of Outpatient Surgery in the Management of Breast Disease 181

Digestive system neoplasms
Recurrent Pattern of Digestive Tract Carcinoma in the Japanese: Comparison of Gastric Cancer to Colon Cancer 41

Diverticulitis
True Caecal Diverticulitis 218

Dobutamine
Reduction in Pulmonary Microvascular Pressure following Cardiopulmonary Bypass: Beneficial Effects of Dobutamine 231

Duodenal diverticula, periampullary
Recurrent Common Bile Duct Stones Associated with Periampullary Duodenal Diverticula and Calcium Bilirubinate Stones 120

Ear canal, external
Schwannoma of the External Auditory Canal: An Unusual Finding 287

Early gastric cancer
Clinicopathological Features of Lymph Node Metastasis in Early Gastric Cancer 200

Elderly
Pancreaticoduodenectomy under Epidural Anesthesia without Endotracheal Intubation for the Elderly 125

Electrocardiographic monitoring
Twentyfour-Hour Ambulatory Electrocardiographic Monitoring of Surgeons.. 89

Emergency surgery
Multifactorial Analysis of Prognostic Factors in Major Abdominal Surgery in Patients over 80 53

Empyema
Esophageal Fistulae. Results of Conservative Treatment..... 251

Endoscopic adrenaline injection
Endoscopic Adrenaline Injection in Treatment of Bleeding Peptic Ulcers. 134

Endoscopic sinus surgery
Functional Endoscopic Sinus Surgery: Experience with the First 100 Patients 278

Endoscopy
The Present State and Future of Endoscopic Surgery 341

Epiphrenic diverticula
Laparoscopic Treatment of Functional Diseases of the Esophagus 336

Equipment reusable
Laparoscopic Surgery in the Developing World: An Overview of the Indian Scene 371

Esophageal achalasia
Esophageal Achalasia: Laparoscopic Heller Cardiomyotomy 376

Esophageal fistulas
Esophageal Fistulae. Results of Conservative Treatment 251

Esophageal manometry
Laparoscopic Treatment of Gastro-Esophageal Reflux Disease: Indications and Results 380

Esophagomyotomy
Laparoscopic Heller Cardiomyotomy with Intraoperative Manometry in the Management of Oesophageal Achalasia 332

Esophagus
Laparoscopic Treatment of Functional Diseases of the Esophagus 336

Eventrations
Experimentally Contaminated Reabsorbable Meshes: Their Evolution in Abdominal Wall Defects 223

Extracapsular invasion
Expression of Laminin in HCC treated with Transcatheter Arterial Embolization. Usefulness of Laminin Staining as a Post-Surgical Detection Procedure at the Tumor Invasion Boundary 115

Extraperitoneal prosthetic repair
Extraperitoneal Prosthetic Inguinal Hernia Repair using an Endoscopic Approach 26

5-Fluorouracil
Recurrent Intraabdominal Cancer with Intestinal Obstruction 141

Fundoplication
Laparoscopic Heller Cardiomyotomy with Intraoperative Manometry in the Management of Oesophageal Achalasia 332
Laparoscopy in the Gastroesophageal Junction 307

Funnel chest
Instrumentation Surgery for Funnel Chest 235

Gallbladder neoplasms
Malignant Potential of the Gallbladder in Patients with Anomalous Pancreaticobiliary Ductal Junction. The Difference in Risk between Patients with and without Choledochal Cyst 61

Gastrectomy
The Value of Prophylactic R2 Lymph Node Dissection for Gastric Cancer 208

Gastric banding
Laparoscopy in the Gastroesophageal Junction 307

Gastric carcinoma
Pre-, Intra- and Postoperative Staging of Gastric Carcinoma and Clinical Outcome 204

Gastric neoplasm
Recurrent Pattern of Digestive Tract Carcinoma in the Japanese: Comparison of Gastric Cancer to Colon Cancer 41
The Clinical Efficacy of CA 72-4 as a Serum Marker for Gastric Cancer in Comparison with CA19-9 and CEA 45

Gastro-esophageal reflux
Laparoscopic Treatment of Functional Diseases of the Esophagus 336
Laparoscopic Treatment of Gastro-Esophageal Reflux Disease: Indications and Results 380
Laparoscopy in the Gastroesophageal Junction 307

Gastrointestinal tract, lower
Diagnostic Approach and Management of Active Lower Gastrointestinal Hemorrahge 138

Goiter, substernal
Comparison between Computed Tomography and Magnetic Resonance Data and Pathologic Findings in Substernal Goiters 65

Health care system
Five years of Laparoscopic Cholecystectomy in The Netherlands 304

Heller cardiotomy
Esophageal Achalasia: Laparoscopic Heller Cardiomyotomy 376
Laparoscopic Heller Cardiomyotomy with Intraoperative Manometry in the Management of Oesophageal Achalasia 299

Hematuria
Hematuria Associated with Ruptured Abdominal Aortic Aneurysms 261

Hemi-hepatic ischemia
Tolerance of Chronically-Diseased Liver to Prolonged Hemihepatic Ischemia during Hepatectomy 108

Hemorrhage, acute
Diagnostic Approach and Management of Active Lower Gastrointestinal Hemorrhage 138
Medical Management of Acute Variceal Hemorrhage 82

Hemostasis
The Present State and Future of Endoscopic Surgery 341

Hepatectomy
Right Side Hepatic Resection under Right Thoracoabdominal Incision with Special Reference to a Highly Anatomical Systematized Method 242

Hepatic injuries
Hepatic Trauma: An Indian Experience ... 247

Hepatitis, chronic
Tolerance of Chronically-Diseased Liver to Prolonged Hemihepatic Ischemia during Hepatectomy 108

Hepatocellular carcinoma
Clinical Study on Hepatocellular Carcinoma with Extrahepatic Malignancies 128
Expression of Laminin in HCC treated with Transcatheter Arterial Embolization. Usefulness of Laminin Staining as a Post-Surgical Detection Procedure at the Tumor Invasion Boundary 115

Hepatoma
Right Side Hepatic Resection under Right Thoracoabdominal Incision with Special Reference to a Highly Anatomical Systematized Method 242
Ultrasonic Dissection in Resection of Hepatocellular Carcinoma 105

Hernia, abdominal
The Usefulness of Ultrasonography in the Diagnosis of the Spigelian Hernia ... 280

Hernia, femoral
Trabucco's Procedure and Local Anaesthesia in Surgical Treatment of Inguinal and Femoral Hernia 29

Hernia, hiatal
Laparoscopy in the Gastroesophageal Junction 307

Hernia, inguinal
A Survey of Non-Expert Surgeons Using the Open Tension-Free Mesh Patch Repair for Primary Inguinal Hernias 35
Day Surgery for Inguinal Hernia 4
Extraperitoneal Prosthetic Inguinal Hernia Repair using an Endoscopic Approach 26
Laparoscopic Inguinal Herniorraphy: Transabdominal Techniques 18
Trabucco's Procedure and Local Anaesthesia in Surgical Treatment of Inguinal and Femoral Hernia 29

Hernia, Spigelian
The Usefulness of Ultrasonography in the Diagnosis of the Spigelian Hernia ... 280

Hernioplasty, Lichtenstein
An Analytic Comparison of Laparoscopic Hernia Repair with Open "Tension-Free" Hernioplasty 9

Hernioplasty, open «tension-free"
An Analytic Comparison of Laparoscopic Hernia Repair with Open "Tension-Free" Hernioplasty 9

Hernioplasty, laparoscopic inguinal
Laparoscopic Inguinal Herniorraphy: Transabdominal Technique 18

High-risk patients
The Role of Percutaneous Transhepatic Cholecystostomy in the Management of Acute Cholecystitis in High-Risk Patients 111

Human Immunodeficiency Virus
Intra-Abdominal Tuberculosis in Acquired Immunodeficiency Syndrome. Diagnosis and management 147

Hydatid cyst
Perioperative Benzimidazole Therapy in Human Hydatid Liver Disease 131

Hyperaldosteronism
Primary Hyperaldosteronism. Analysis of Risk Factors Associated with Persistent Postoperative Hypertension 175

Hypertension, portal
Splenic Arteriovenous Fistula 189

Hysterectomy
Role of Laparoscopic Assisted Vaginal Hysterectomy in Gynecology 256

Idiopathic thrombocytopenic purpura
Is Laparoscopic Splenectomy a Justified Approach in Hematologic Disorders? Preliminary Results of a Prospective Multicenter Study 299

Injury
Effect of Pentoxifylline on the Ischemia-Reperfusion Injury of the Intestine..... 152

Instrumentation
Instrumentation Surgery for Funnel Chest 235

Intestinal microflora
The Effect of Octreotid on Bacterial Translocation from the Gut. An Experimental Study 264

Intestinal obstruction
Recurrent Intraabdominal Cancer with Intestinal Obstruction 141

Intestine
Effect of Pentoxifylline on the Ischemia-Reperfusion Injury of the Intestine 152

Intraabdominal adhesion
The Effectiveness of Low Molecular Weight Heparin on Adhesion Formation in Experimental Rat Model 92

Intrathoracic dissemination
Malignant Pleurisy and Intrathoracic Dissemination in Carcinoma of the Lung: Diagnostic, Therapeutic and Prognostic Implications 70

Ischemia
Effect of Pentoxifylline on the Ischemia-Reperfusion Injury of the Intestine 152
Superoxide Dismutate (SOD) and Neutrophil Infiltration in Intestinal Ischaemia-Revascularization 95
Tolerance of Chronically-Diseased Liver to Prolonged Hemihepatic Ischemia during Hepatectomy 108

Jordan
True Caecal Diverticulitis 218

Laminin
Expression of Laminin in HCC treated with Transcatheter Arterial Embolization. Usefulness of Laminin Staining as a Post-Surgical Detection Procedure at the Tumor Invasion Boundary 115

Laparoscopic adrenalectomy
Laparoscopic Adrenalectomy 311

Laparoscopic cholecystectomy
Bile Duct Injuries in the Era of Laparoscopic Cholecystectomy 328
Bile Duct Injury in Laparoscopic Cholecystectomy 361
Cholecystectomy: Comparison of Minilaparotomy and Laparoscopy 99
Five years of Laparoscopic Cholecystectomy in The Netherlands 304
Laparoscopic Cholecystectomy: 700 Consecutive Cases 296
Laparoscopic Cholecystectomy: The Dammam Central Hospital Experience 102
Laparoscopic Treatment of Acute Biliary Pancreatitis 365
Lessons Learned from Laparoscopic Cholecystectomy 197
The Role of Relaparoscopy in the Management of Bile Leaks after Laparoscopic Cholecystectomy 356

Laparoscopic gastroesophageal treatment
Laparoscopic Treatment of Gastro-Esophageal Reflux Disease: Indications and Results 380

Laparoscopic hernia repair
An Analytic Comparison of Laparoscopic Hernia Repair with Open "Tension-Free" Hernioplasty 9

Laparoscopic hysterectomy
Laparoscopic Hysterectomy: Is Dissecting the Ureter Necessary? 167

Laparoscopic surgery
Extraperitoneal Prosthetic Inguinal Hernia Repair using an Endoscopic Approach ... 26
Esophageal Achalasia: Laparoscopic Heller Cardiomyotomy 376
Laparoscopic General Surgery: State of the Art Around the World 295
Laparoscopic Surgery in the Developing World: An Overview of the Indian Scene 371
The Impact of Laparoendoscopic Surgery on the Training of Surgical Residents ... 358
Training and Credentialling for Laparoscopic Surgery in the Developing World 369

Laparoscopy
Laparoscopic Heller Cardiomyotomy with Intraoperative Manometry in the Management of Oesophageal Achalasia 332
Laparoscopic Management of Superior Mesenteric Artery Syndrome 322
Laparoscopy in the Gastroesophageal Junction 307
Port Site Metastasis: An Unresolved Problem in Laparoscopic Surgery. A Review 315
Role of Laparoscopic Assisted Vaginal Hysterectomy in Gynecology 256

Laparotomy
Intra-Abdominal Tuberculosis in Acquired Immunodeficiency Syndrome. Diagnosis and management 147

Laser
The Present State and Future of Endoscopic Surgery 341

Ligation
Laparoscopic Surgery in the Developing World: An Overview of the Indian Scene 371

Limb salvage
Thrombolysis of Peripheral Graft Occlusion in Patients with Hypertension 185

Lithotripsy
The Effects of Lithotripsy on Adrenocortical Hormones 271

Liver
Hepatic Trauma: An Indian Experience ... 247
Perioperative Benzimidazole Therapy in Human Hydatid Liver Disease 131

Liver cirrhosis
Right Side Hepatic Resection under Right Thoracoabdominal Incision with Special Reference to a Highly Anatomical Systematized Method 242
Tolerance of Chronically-Diseased Liver to Prolonged Hemihepatic Ischemia during Hepatectomy 108

Liver disease, chronic
Tolerance of Chronically-Diseased Liver to Prolonged Hemihepatic Ischemia during Hepatectomy 108

Liver resection
Tolerance of Chronically-Diseased Liver to Prolonged Hemihepatic Ischemia during Hepatectomy 108
Ultrasonic Dissection in Resection of Hepatocellular Carcinoma 105

LMWH
The Effectiveness of Low Molecular Weight Heparin on Adhesion Formation in Experimental Rat Model 92

Lobectomy
Modality of Failure Following Resection of Stage I and Stage II Non-Small Cell Lung Cancer 156

Long term survival
Pre-, Intra- and Postoperative Staging of Gastric Carcinoma and Clinical Outcome 204

Low molecular weight heparin
The Effectiveness of Low Molecular Weight Heparin on Adhesion Formation in Experimental Rat Model 92

Lung neoplasms
Malignant Pleurisy and Intrathoracic Dissemination in Carcinoma of the Lung: Diagnostic, Therapeutic and Prognostic Implications 70

Lung neoplasms, double primary
Survival Following Resection for Lung Cancer as a Second Primary Cancer 227

Lymph node metastasis
Clinicopathological Features of Lymph Node Metastasis in Early Gastric Cancer 200
The Value of Prophylactic R2 Lymph Node Dissection for Gastric Cancer 208

Magnetic Resonance
Comparison between Computed Tomography and Magnetic Resonance Data and Pathologic Findings in Substernal Goiters 65

Malignancy
Multifactorial Analysis of Prognostic Factors in Major Abdominal Surgery in Patients over 80 53

Mebendazole
Perioperative Benzimidazole Therapy in Human Hydatid Liver Disease 131

Mediastinitis
A Simple Management of Mediastinitis .. 239
Esophageal Fistulae. Results of Conservative Treatment 251

Metastasis, port site
Port Site Metastasis: An Unresolved Problem in Laparoscopic Surgery. A Review 315

Mini-laparotomy
Cholecystectomy: Comparison of Mini-laparotomy and Laparoscopy 99

Minimal-access surgery
Cholecystectomy: Comparison of Mini-laparotomy and Laparoscopy 99

Mitomycin C
Recurrent Intraabdominal Cancer with Intestinal Obstruction 141

Morbidity
Right Side Hepatic Resection under Right Thoracoabdominal Incision with Special Reference to a Highly Anatomical Systematized Method 242

Mortality
Recurrence and Mortality in Patients with Differentiated Thyroid Carcinoma 162
Right Side Hepatic Resection under Right Thoracoabdominal Incision with Special Reference to a Highly Anatomical Systematized Method 242

Multiple primary neoplasms
Multiple Primary Gastric and Colorectal Cancer in Japan 37

Neoplasms
Port Site Metastasis: An Unresolved problem in Laparoscopic Surgery. A Review 315

Neoplasms, multiple primary
Clinical Study on Hepatocellular Carcinoma with Extrahepatic Malignancies 128

Nissen fundoplication
Laparoscopic Treatment of Gastro-Esophageal Reflux Disease: Indications and Results 380

Non-palpable lesions
Non Palpable Breast Lesions: Preoperative Sonographic Localization 283

Non-small cell lung cancer
Modality of Failure Following Resection of Stage I and Stage II Non-Small Cell Lung Cancer 156

Obesity
Laparoscopy in the Gastroesophageal Junction 307

Octreotid
The Effect of Octreotid on Bacterial Translocation from the Gut. An Experimental Study 264

Open heart surgery
A Simple Management of Mediastinitis ... 39

Operative closure
Early Results of Operative Closure of Pressure Sores in Traumatic Paraplegics 178

Ornithine
Correlation between Albuminuria and Positively Charged Amino Acids in Gastrointestinal Cancer 49

Outpatient surgery
The Integration of Diagnostic Tests and the Role of Outpatient Surgery in the Management of Breast Disease 181

Ovarian neoplasms
Recurrent Intraabdominal Cancer with Intestinal Obstruction 141

Oxygen free radicals neutrophils
Superoxide Dismutase (SOD) and Neutrophil Infiltration in Intestinal Ischaemia-Revascularization 95

Pancreatic transplantation, segmental
Beneficial Effect of Thromboxane A2 Synthetase Inhibitor (OKY-046) on 24-hr Simple Hypothermic Preservation of the Canine Pancreas Graft 274

Pancreaticobiliary ductal junction, anomalous
Malignant Potential of the Gallbladder in Patients with Anomalous Pancreaticobiliary Ductal Junction. The Difference in Risk between Patients with and without Choledochal Cyst 61
Surgical Strategy for Patients with Anomalous Pancreaticobiliary Ductal Junc-Junction without Choledochal Cyst 215

Pancreaticoduodenectomy
Pancreaticoduodenectomy under Epidural Anesthesia without Endotracheal Intubation for the Elderly 125

Pancreaticojejunostomy
Improvement of Pancreaticojejunostomy in Pancreatoduodenectomy 57

Pancreatitis
Surgical Strategy for Patients with Anomalous Pancreaticobiliary Ductal Junction without Choledochal Cyst 215

Pancreatitis, biliary
Laparoscopic Treatment of Acute Biliary Pancreatitis 365

Pancreatoduodenectomy
Improvement of Pancreaticojejunostomy in Pancreatoduodenectomy 57
Pancreatoduodenectomy for Periampullary Tumors: A Univariate and Multivariate Analysis of the Parameters Influencing the Morbidity, Mortality, and Survival Rates 211

Paraplegia
Early Results of Operative Closure of Pressure Sores in Traumatic Paraplegics 178

Partial exclusion of the esophagus
Esophageal Fistulae. Results of Conservative Treatment 251

Pentoxifylline
Effect of Pentoxifylline on the Ischemia-Reperfusion Injury of the Intestine 152

Peptic ulcers, bleeding
Endoscopic Adrenaline Injection in Treatment of Bleeding Peptic Ulcers 134

Peripheral graft occlusion
Thrombolysis of Peripheral Graft Occlusion in Patients with Hypertension ... 185

Peritoneal neoplasms
Recurrent Intraabdominal Cancer with Intestinal Obstruction 141

Pleurisis, malignant
Malignant Pleurisy and Intrathoracic Dissemination in Carcinoma of the Lung: Diagnostic, Therapeutic and Prognostic Implications 70

Pneumonectomy
Modality of Failure Following Resection of Stage I and Stage II Non-Small Cell Lung Cancer 156

Pneumonia
Esophageal Fistulae. Results of Conservative Treatment 251

Polyglycolic acid mesh
Experimentally Contaminated Reabsorbable Meshes: Their Evolution in Abdominal Wall Defects 223

Polypectomy
The Present State and Future of Endoscopic Surgery 341

Polypropylene prosthesis
Trabucco's Procedure and Local Anaesthesia in Surgical Treatment of Inguinal and Femoral Hernia 29

Pregnancy outcome
Emergency Cerclage Compared with Bed Rest for Advanced Cervical Dilatation in Pregnancy 170

Pressure sores
Early Results of Operative Closure of Pressure Sores in Traumatic Paraplegics 178

Prognosis
Survival Following Resection for Lung Cancer as a Second Primary Cancer 227
The Value of Prophylactic R2 Lymph Node Dissection for Gastric Cancer 208

Prognostic factors
Multifactorial Analysis of Prognostic Factors in Major Abdominal Surgery in Patients over 80 53
Pancreatoduodenectomy for Periampullary Tumors: A Univariate and Multivariate Analysis of the Parameters Influencing the Morbidity, Mortality, and Survival Rates 211

Prostacyclin
Beneficial Effect of Thromboxane A2 Synthetase Inhibitor (OKY-046) on 24-hr Simple Hypothermic Preservation of the Canine Pancreas Graft 274

Pulmonary vascular pressure
Reduction in Pulmonary Microvascular Pressure following Cardiopulmonary Bypass: Beneficial Effects of Dobutamine 231

Recurrence
Is Laparoscopic Splenectomy a Justified Approach in Hematologic Disorders? Preliminary Results of a prospective Multicenter Study 299
Modality of Failure Following Resection of Stage I and Stage II Non-Small Cell Lung Cancer 156
Recurrence and Mortality in Patients with Differentiated Thyroid Carcinoma 162

Reperfusion
Effect of Pentoxifylline on the Ischemia-Reperfusion Injury of the Intestine 152
Superoxide Dismutase (SOD) and Neutrophil Infiltration in Intestinal Ischaemia-Revascularization 95

Residency training
The Impact of Laparoendoscopic Surgery on the Training of Surgical Residents ... 358

Rhinosinusitis
Functional Endoscopic Sinus Surgery: Experience with the First 100 Patients 278

Risk factor
Thrombolysis of Peripheral Graft Occlusion in Patients with Hypertension 185

Same-day surgery
Day Surgery for Inguinal Hernia 4

Saphenectomy
Surgery of Varicose Veins on Ambulatory Basis. Early and Late Results 267

Schwannoma
Schwannoma of the External Auditory Canal: An Unusual Finding 287

Scintigraphy
Diagnostic Approach and Management of Active Lower Gastrointestinal Hemorrhage 138

Somatostatin
The Effect of Octreotid on Bacterial Translocation from the Gut. An Experimental Study 264

Sonography
Non Palpable Breast Lesions: Preoperative Sonographic Localization 283

Spherocytosis
Is Laparoscopic Splenectomy a Justified Approach in Hematologic Disorders? Preliminary Results of a Prospective Multicenter Study 299

Sphincterotomy
The Present State and Future of Endoscopic Surgery 341

Spleen
Splenic Arteriovenous Fistula 189

Spleen, accessory
Is Laparoscopic Splenectomy a Justified Approach in Hematologic Disorders? Preliminary Results of a Prospective Multicenter Study 299

Splenectomy, laparoscopic
Is Laparoscopic Splenectomy a Justified Approach in Hematologic Disorders? Preliminary Results of a Prospective Multicenter Study 299

Staging
Pre-, Intra- and Postoperative Staging of Gastric Carcinoma and Clinical Outcome 204

Stomach
Multiple Primary Gastric and Colorectal Cancer in Japan 37

Subphrenia abscess
Esophageal Fistulae. Results of Conservative Treatment 251

Superior mesenteric artery syndrome
Laparoscopic Management of Superior Mesenteric Artery Syndrome 322

Superoxide dismutase
Superoxide Dismutase (SOD) and Neutrophil Infiltration in Intestinal Ischaemia-Revascularization 95

Surgical education
The Impact of Laparoendoscopic Surgery on the Training of Surgical Residents ... 358

Surgical equipment
Instrumentation Surgery for Funnel Chest 235

Surgical mesh
A Survey of Non-Expert Surgeons Using the Open Tension-Free Mesh Patch Repair for Primary Inguinal Hernias 35

Surgical stress
Twentyfour-Hour Ambulatory Electrocardiographic Monitoring of Surgeons 89

Surgical therapy
A Simple Management of Mediastinitis .. 239

Survival
Superoxide Dismutase (SOD) and Neutrophil Infiltration in Intestinal Ischaemia-Revascularization 95

Suture
Laparoscopic Surgery in the Developing World: An Overview of the Indian Scene 371

Tendon injuries
Tendon Injury Repair in a War Wound 87

Tension-free repair
Trabucco's Procedure and Local Anaesthesia in Surgical Treatment of Inguinal and Femoral Hernia 29

Tension-free technique
A Survey of Non-Expert Surgeons Using the Open Tension-Free Mesh Patch Repair for Primary Inguinal Hernias 35

Therapy simplified
Clinicopathological Features of Lymph Node Metastasis in Early Gastric Cancer 200

Thoracotomy
Right Side Hepatic Resection under Right Thoracoabdominal Incision with Special Reference to a Highly Anatomical Systematized Method 242

Thrombolysis
Thrombolysis of Peripheral Graft Occlusion in Patients with Hypertension ... 185

Thromboxane A_2 inhibitor
Beneficial Effect of Thromboxane A_2 Synthetase Inhibitor (OKY-046) on 24-hr Simple Hypothermic preservation of the Canine Pancreas Graft 274

Thyroid neoplasms
Recurrence and Mortality in Patients with Differentiated Thyroid Carcinoma..... 162

Toupet fundoplication
Laparoscopic Treatment of Gastro-Esophageal Reflux Disease: Indications and Results 380

Transcatheter arterial embolization
Expression of Laminin in HCC treated with Transcatheter Arterial Embolization. Usefulness of Laminin Staining as a Post-Surgical Detection Procedure at the Tumor Invasion Boundary 115

Trauma, hepatic
Hepatic Trauma: An Indian Experience ... 247

Tuberculosis
Intra-Abdominal Tuberculosis in Acquired Immunodeficiency Syndrome. Diagnosis and management 147

Tumor marker
The Clinical Efficacy of CA 72-4 as a Serum Marker for Gastric Cancer in Comparison with CA19-9 and CEA 45

Tumor staging
Value of Diagnostic Laparoscopy in Abdominal Malignancies 353

Ultrasonic dissector
Ultrasonic Dissection in Resection of Hepatocellular Carcinoma 105

Ultrasonography
The Usefulness of Ultrasonography in the Diagnosis of the Spigelian Hernia .. 280

Ureter dissection
Laparoscopic Hysterectomy: Is Dissecting the Ureter Necessary? 167

Vaginal hysterectomy, laparoscopic assisted
Role of Laparoscopic Assisted Vaginal Hysterectomy in Gynecology 256

Variceal hemorrhage, acute
Medical Management of Acute Variceal Hemorrage 82

Varicose veins, surgery
Surgery of Varicose Veins on Ambulatory Basis. Early and Late Results 267

Varicose veins, therapy
Surgery of Varicose Veins on Ambulatory Basis. Early and Late Results 267

Vascular thrombosis
Beneficial Effect of Thromboxane A_2 Synthetase Inhibitor (OKY-046) on 24-hr Simple Hypothermic Preservation of the Canine Pancreas Graft 274

Venous insufficiency
Surgery of Varicose Veins on Ambulatory Basis. Early and Late Results 267

War
Tendon Injury Repair in a War Wound 87

Book Reviews

Atlas of Thoracic Surgery (H. C. Urschel and J. D. Cooper) 293
CT and MRI of Head and Neck Tumors (M. Lenz) 196
Diagnostic Surgical Pathology (S. S. Sternberg) 98
Diseases of the Bronchioles (G. R. Epler) 196
